

**APG Congress Essay A**

1. The framers of the United States Constitution created a legislative system that is bicameral. However, it is not just bicameral; the framers also established two houses of distinctly different character and authority.
  - (a) Discuss two reasons why the framers created a bicameral legislature.
  - (b) Identify one power unique to the House of Representatives and explain why the framers gave the House that power.
  - (c) Identify one power unique to the Senate and explain why the framers gave the Senate that power.
